Description

The Meänkieli-Swedish-Meänkieli dictionary is a digital dictionary containing approximately 33 000 words with translations from Meänkieli to Swedish and from Swedish to Meänkieli. The words are marked with their respective word classes. The dictionary also contains some examples with geographical information.

The dataset is comprised of about 33,000 words in Meänkieli with Swedish translations, the words are tagged with their respective word classes. The dataset consists of two parts; Meänkieli-to-Swedish and Swedish-to-Meänkieli. The files are categorized by their first letter.

The fileformat is .xml, the dataset also contains a .dtd to describe the internal subset within the .xml files.
