

ULF - Survey on Swedish living conditions - ULF 1984 - Survey on Swedish living conditions 1984

SND-ID: ext0001-9.

Creator/Principal investigator(s)

Statistics Sweden

Research principal

[Statistics Sweden](#)

Description

The Swedish Living Conditions Surveys give you information on living conditions among different groups in Swedish society. The areas covered include housing, income, health, leisure, civic activities, social relationships, employment and security. Because a number of the questions are the same as those in surveys of other EU countries, it is possible to make comparisons with other countries within the EU.

Data contains personal data

No
