Creator/Principal investigator(s)

Lars Tornstam - Uppsala University, Department of Sociology

Research principal

[Uppsala University](#) - Department of Sociology

Description

This data collection is designed to increase knowledge concerning housing conditions for the elderly. Major areas of investigation include living conditions, the importance of accommodation, tendencies to move, moving destination, moving obstacles, moving activity, moving patterns, reasons for moving in the past, and the different social service efforts the elderly need to make it possible to stay in independent housing.

Data contains personal data
