## Description

In 2014 the SOM Institute carried out the second SOM survey in the county of Värmland. The focus is issues of public services, regional development and media habits. The study also touches on topics such as the relationship to Norway and the opinion on local transport projects.

The questionnaire consists of eight coherent subject fields: news and media; politics and democracy; society and public service; interests and activities; housing; elections in 2014; working life; and background questions.

SOM in Värmland designed in collaboration with Karlstad University.

Purpose:

Study attitudes and behaviours that are linked to local and regional issues and phenomena
