Description

Not available.

Purpose:

Due to planned development related to the E4 motorway between Vagnhärad and Järna interchange, a grave site, registered as monument 53 in Överjärna parish, was investigated archaeologically. According to the antiquities register, the grave site was about 90m x 20m and contained five ancient remains, consisting of 2 mounds and three round stone circles. A stone wall system composed of six stone walls was removed in 1980 in connection with the grave site Överjärna 53:1
