

Documentation file - description of data

Data were collected/generated through three independent data collections with three different groups of participants leading to four publications (Study I, II, III and IV).

Data collection 1: Task-based qualitative interviews (Study I)

Data Collection 2: Photovoice (Study II)

Data collection 3: Ethnography including observations and interviews as well as informal conversations with participants documented as field notes (Study III and IV)

For more information about methods and data collections, see scientific articles and the thesis:

Thesis

Lögberg, Ulrika (2022). Understanding young people's well-being within a translocal everyday life: How health and well-being are experienced and conditioned in the daily school life of young people recently migrated to Sweden. Halmstad: Halmstad University Press.

<http://urn.kb.se/resolve?urn=urn:nbn:se:hh:diva-48069>

Studies I-IV

I. Lögberg, U., Nilsson, B., & Kostenius, C. (2018). "Thinking about the future, what's gonna happen?" – How young people in Sweden who neither work nor study perceive life experiences in relation to health and well-being. *International Journal of Qualitative Studies on Health and Well-being*, 13(1), 1–12.

II. Lögberg, U., Nilsson, B., & Kostenius, C. (2020). Young Migrants' Experiences and Conditions for Health: A Photovoice Study. *SAGE Open*, 10(2), 1–12.

III. Lögberg, U., Öhlander, M., & Nilsson, B. (Submitted). Everyday navigation between adaptation and resistance: How young people negotiate their well-being in relation to assigned migrant positions in school.

IV. Lögberg, U., Öhlander, M., Lindgren, E-C., & Nilsson, B. (Submitted). Social, spatial, and material conditions for mattering: Newly arrived young migrants' possibilities to matter in everyday life in a Swedish school.
